

2025 Lost in the Hills Archery 3D Shoot Results

The 2025 Lost in the Hills archery 3D shoot buzzed through the club course on July 19th and all seemed pleased with the target setup and the competition. A total of 29 shooters took to the 3D animal targets, including 18 in the adult compound men's category, 8 adult traditional, 2 adult compound women, and one youth compound. First place adult men's compound was Matther Petersheim with a score of 306, first place adult traditional was AJ Beechy at 189, Rachel Hudson took first place adult women's compound with a 205 and youth compound first place was Gentry Cragio with a 178. All scores are posted in the table below. The weather was perfect and many launched arrows at the three novelty targets: Bucks Only, Cut the String, and The Flying Pig. Sponsors and other donors provided enough door prizes for everyone to go home with something.

The 3D course will remain setup with open shoots every Tuesday through the end of September. Call Archery Activity Director **Larry Murray** at **269-832-2816** if you have any questions about archery at the club.

Name	Category	Score	Place
